PAD 75/62  
11 June 1962

MEMORANDUM TO: Executive Director, NPIC  
FROM: Chief, CIA/PAD(NPIC)  
SUBJECT: PI Training

1. As directed, the following comments are submitted for your consideration:

A. As previously indicated, I concur fully with the memo on PI training written by [ ] dated 22 May 1962, with the exception of two relatively minor points:

25X1A

a. Para. 4 of [ ] memo: I do not agree that the Chief, Admin Staff, should be responsible for determining the needs of the CIA Detachment for PI training. I feel this should rest with the Division Chief.

25X1A

b. Para. 5b of [ ] memo: I do not wish to commit PAD to sending one new CIA/PAD PI to each of the regular full course service PI schools each year.

25X1A

B. The reason I became so concerned at the NPIC Staff Meeting of 8 June when [ ] brought up the proposal for [ ] to continue reviewing, selecting and destroying training film was that this is one of the finest sources of material for training photo interpreters, particularly if NPIC moves toward "machine training". I have obtained a copy of the letter prepared by [ ] which was coordinated with [ ] and we are currently preparing comments and suggestions for your consideration.
